Sunday, October 27

Road Trips On Your Own: Visit Fort Toulouse-Jackson Park, check out the historic "Bartram" tree on the state capitol grounds, or take a drive along the Old Federal Road. See registration packet for information on all tours. An interactive map for Bartram's route through Alabama can be accessed at <https://tinyurl.com/y2sewlem>. The companion website for the new Guide to the Old Federal Road in Alabama, with an interactive map, can be found at <https://www.oldfederalroad.info>.

Don't forget to check out the silent auction! The auction is lots of fun and all proceeds will go to support the Bartram Trail Conference activities, including the Fothergill Research Award. Rosa Hall will once again be the Auction Master. The auction will be located in the hallway between the auditoriums.

Special thanks to
Steve Murray, Edwin Bridges, Craig Sheldon, Rosa Hall, and Monica Newman and the staff of the archives for their support and assistance with the tours
